

SA EM SROMEM

Web Programming Student | Aspiring Full-Stack Developer

Cambodia • Email: [Your Email] • GitHub: [Your GitHub] • Phone: [Your Phone]

PROFILE

Motivated first-year Web Programming student at PNC with a strong interest in web development, UI/UX design, and software development. I enjoy building practical projects, learning new technologies, and improving my programming skills through hands-on practice. I am currently preparing to grow my skills and gain professional experience through an internship.

EDUCATION

Passerelles Numériques Cambodia (PNC) — Web Programming

First-year student • Generation 2027 • 2026–Present

TECHNICAL SKILLS

- **Programming:** HTML, CSS, JavaScript, Python, SQL
- **Web Development:** Responsive Web Design, Flask, Node.js, SQLite, MariaDB
- **Tools:** Git, GitHub, VS Code, XAMPP, Android Studio
- **Design:** UI/UX Design, User Flow, Wireframing, Responsive Layouts
- **Data:** Pandas, Matplotlib, Excel / Google Sheets

PROJECTS

Personal Portfolio Website

Designed and developed a personal portfolio website to present my profile, skills, projects, resume, and contact information. Focused on clean structure, responsive design, and a professional experience for recruiters.

Smart Cane — NaviCane

Worked on a smart cane concept designed to help blind people move more safely and independently. The concept includes vibration alerts, an SOS help button, voice-related features, and safety support.

Food Service / Application Projects

Participated in student projects involving application ideas, user research, UX/UI design, user flows, and basic web development.

UX/UI & DESIGN EXPERIENCE

- Created persona and user-flow diagrams for application concepts.
- Practiced responsive layouts using CSS Flexbox and CSS Grid.
- Designed simple, clean interfaces with usability principles in mind.
- Prepared project presentations, surveys, and design research for class projects.

GIT & DEVELOPMENT

Familiar with basic Git workflow including repositories, commits, branches, push/pull, and GitHub-based project collaboration.

LANGUAGES

- Khmer — Native
- English — Basic / Improving

CAREER OBJECTIVE

To gain internship experience in web development or a related IT field, apply what I have learned in real projects, work effectively with a development team, and continue improving my technical and professional skills.
